

# SHOEBOPS™

**SHOEBOPS ARE A SYMBOL OF OPTIMISM, HEALTH AND ENERGY!!!**

**SHOEBOPS ARE FOR FUN!!!**

**PUT SHOEBOPS IN YOUR BIRTHDAY GOODIE BAGS AND PASS THEM OUT AT YOUR NEXT GATHERING –**

Today we all face both personal and global challenges. Some may put on WRISTBANDS, some LAPEL PINS or RIBBONS to show their awareness, compassion and concern. Boppers put on SHOEBOPS to add to those emblems a message of HOPE, OPTIMISM, HEALTH, and ENERGY. When you are wearing SHOEBOPS, you are wearing a smile. SHOEBOPS have the seven chakra colors, one for each day of the week, to symbolize love, vitality, intelligence, knowledge, success, self-control, health, energy, wisdom, happiness, confidence, beauty, creativity, mysticism, intuition... When you put on your SHOEBOPS, it is a way of saying that we recognize the challenges which face us every day and we are going out to meet them with a positive, optimistic attitude. When you see someone taken by surprise and smiling when they catch a glimpse of your SHOEBOPS, you will know that your message has been received. Your SHOEBOPS have lightened someone's day, cheered them up - if only for a moment.

**SHOEBOPS™**  
A shoelace accessory

Consider the unique features of SHOEBOPS:

- Tied to a shoelace or sneaker lace, they are absolutely intact, yet removable.
- SHOEBOPS are moisture proof.
- Designed to fill a decorative need... they have so many different uses, you're limited only by your imagination.
- We are talking about an inexpensive item! Everyone can enjoy the unique accent that SHOEBOPS provide.
- Shoebops come in pairs. You might wear one, and give one to a friend.
- The rest of the good news is that Kids Love Them!

How SHOEBOPS™ were created - by way of a children's story: Children dreamed that they were lost on the Island of Mystery. They climbed the Mountain of Magic high above the Lake of Luck to see what they could see. When they reached the top, they found the wondrous Golden Pot of Perpetual Production with an inscription that read – "What will you have me produce?" They were feeling lost and down on their luck so they said, "Something FOR LUCK would be just the thing" (with a little luck, they thought, they might find their way home). Looking up they saw the full moon and said, "It should be round like the moon; it should be colorful and always smiling. A song shoebob (actually "She Bop" by Cyndi Lauper) had been playing in the children's head all that day so they said, "it should be called SHOEBOPS and it should be tied to your shoelaces to help you find your way." In an instant, the Pot was full of SHOEBOPS of all colors with special powers from the Mountain of Magic and the Lake of Luck. The children reached in and picked up some of the shoebops. Just then all the Earth's continents joined together and the children (with their Shoebops leading the way) were able to follow a pathway down the Mountain of Magic and across a land bridge home. The next morning the children woke up, rushed to their closets and there on their shoelaces they were amazed to find moon-shaped, colorful, always smiling, and lucky pairs of SHOEBOPS!!!
