LOTS™

Made by COPPLESTONE

NEWS FLASH!
SUCCESSFUL SYSTEM DISCOVERED
IN LAS VEGAS

While playing Blackjack at the Las Vegas casinos, it was not long before I realized that the big winner at the end of each day was the house, the owners. Some of us would win a little, They would win a LOT! The reason they were winning, it occurred to me, was we were playing their games with their built in assurance of profit. THAT WAS IT! The Winning System (along the idea of - if you can't beat them join them) would be to somehow have the people playing my game. Since buying the casino was a little out of the question, creating the dice game LOTS™ was my solution. COPPLESTONE™ is pleased to introduce our dice game LOTS™ . We have made every effort to realize in this game its classic potential. We believe after playing LOTS™ you will agree that we have accomplished our goal. Our success will be measured in the amount of your

enjoyment, made visible by the size of your LOTS™ bank accounts. Good luck, and as the saying goes:

When you are going to work; work hard.
When you are going to play; Play LOTS™.

LOTS™ the Income-Investment Strategy Game

Game (1) LOTS™ - Rules

Object: Be the first player to advance your Place keeping Stamp from the Start Box, thirty-six spaces ahead to the Center Box for the win, (collecting as much cash in the process as possible).

Game (2) HOUSE LOTS™

Object: Instead of trying to beat the other players to the center win box, each player is racing a House Player, who uses a House Marker and advances one space each time the dice are rolled. Play continues until each player completes his or her race with the house.

Game (3) LOTS-STOCK&TAXES™

Observe the rules of LOTS™ with the addition of seven Investment Cards.

In the beginning of each person's financial life, hope springs eternal. The game LOTS™ encapsulates a year of that life in as few as thirty-six roles of the dice. The version LOTS-STOCK&TAXES™ additionally provides ways for players to have those earnings grow through any one of a number of investment opportunities, giving each and every player the chance to realize their financial hopes and dreams.

Whether those hopes are modest or grand (that first thousand dollars or that first million), persistence here will give you your desired result.

As professors of probability you earn your income on the LOTS™ canvas. You choose whether or not to use the Investment Cards. Pay your taxes; the rest of the cash is yours. LOTS-STOCKS&TAXES™ America's Game of Dreams.
