

EAGLES SCORECARD - for the Putting Rail

The putting game with a scorecard

Putting is *the game within the game* of golf and Eagles is the way we measure how well we play it.

So many love the game of golf and all its challenges that we set out to design a game that celebrates the game within the game - the putt. Eagles putting game simulates and incorporates golf's eighteen holes of play, its method of play, and its scorecard.

Here's how you play. Using three of the markers as tee markers begin the game. Tee off and if you make the putt score one on your scorecard and go on to the next hole. If you miss place the ball at the next marker and try again...

To begin the par five's, place the ball at the 48 marker.

To begin the par four's, place the ball at the 36 marker.

To begin the par three's, place the ball at the 24 marker.

Example: To play a Par 5 on the putting rail a player would tee off at the 48 marker (for triple Eagle). If they miss the putt, they would next putt from the 36 marker (for double eagle), next from the 24 marker (for Eagle), next the 18 marker (for birdie), next the 12 marker (for par), and then if needed they would putt from the 6 marker (for bogey) and if needed at the 6 again for double bogey.

Use the scorecard to keep your score, develop a handicap, and track your improvement over time.

The games scores may vary depending on the level of putting surface and the cup location. Par 5,4,3,5,4,3,4,4,4 repeat

Putting League

- Level 1. Expert 18 - 54
- Level 2. Professional 55 - 72
- Level 3. Intermediate 73 - 90
- Level 4. Competent 91 and above
